

NGUYEN HUU PHU

DevOps Engineer

Email: nguyenuuphu190502004@gmail.com | **Phone:** 0962954690 | **DOB:** 19/05/2004

Location: Cầu Giấy, Hà Nội | **GitHub:** <https://github.com/phunhph> | **English:** Technical reading; text/chat

PROFILE

~2 years on **Linux VPS, Docker, Nginx, CI/CD** (GitLab CI, GitHub Actions). Load balancing, backups, and cost-aware storage migrations for production school systems.

SKILLS

Infra: Linux VPS, Nginx (reverse proxy, LB), SSL/TLS, monitoring | **Cloud:** AWS S3/EC2, Google APIs

CI/CD: GitLab CI, GitHub Actions | **Containers:** Docker, Docker Compose

Scripting: Bash, Git | **DB ops:** MySQL, SQL Server backups & tuning

WORK EXPERIENCE

HBLAB Joint Stock Company | May 2025 – Present

- **MIESArchitectX:** .NET deployments, SQL Server environments, release coordination.
- **CRM Internal:** Integration/deployment support for .NET + Power Platform.

247 Technical | May 2024 – May 2025

- GitLab CI pipelines for Python (Flask) and Node.js services; Dockerized apps across dev/staging/prod.
- Linux server admin: Nginx reverse proxy, security, and monitoring.

Freelance | Sep 2023 – May 2025

School platform — GitHub Actions, VPS, MySQL

- Automated deploys, DB backups, and server health monitoring.

Exam infrastructure (Nov 2025 – Jan 2026) — Nginx, Docker, multi-VPS

- Load balancing for high-traffic online exams; AWS S3 → Google Drive migration; standardized releases.

AI deployments (Aug 2025 – Present) — Python/Node.js

- Environment setup and secure hosting for PDF AI and career-matching backends.
-

OTHER PROJECTS

Student Capacity Exam — Docker/VPS production deploys | **PVF Management** — Linux/Nginx staging & production

EDUCATION & CERTIFICATIONS

FPT Polytechnic College (2022–2024) — Website Programming (Graduated) | 2nd Prize, FPT Self-Driving Car Competition

Microsoft Certified: Power Platform Developer Associate (**PL-400**)
